Honorable Mayor and Members of the Governing Body  
Borough of Red Bank  
County of Monmouth, New Jersey

The Comprehensive Annual Financial Report for the Borough of Red Bank, County of Monmouth, State of New Jersey, for the year ended December 31, 2007 is submitted herewith and includes financial statements and supplemental schedules. I believe it is accurate in all material respects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the Borough of Red Bank as measured by the financial activity of its various funds and account groups; and that all disclosures necessary to enable the reader to gain an understanding of the Borough's financial affairs have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and auditor's comments and recommendations. The introductory section includes this transmittal letter, the Borough's organization chart and a list of principal officials. The financial section includes the annual financial statements and individual fund financial schedules, as well as the independent auditors' report. The statistical section includes selected financial, economic and demographic information, generally presented on a multi-year basis. Responsibility for completeness and clarity of the report, including disclosures, rests with the Chief Financial Officer and ultimately with the Mayor and Council.

The financial statements have been audited by DAK CPA, Long Branch, New Jersey, independent certified public accountants whose opinion is expressed in the financial section. Please note that the auditors' report is unqualified and states that the financial statements are presented fairly in conformity with the basis of accounting as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

## PRESENT AND FUTURE CHALLENGES

2007 saw a decrease in our fund balance. The current tax collection rate was in line with the historical average. The challenges for the future include maintaining our excellent collection percentage, continuing to improve miscellaneous revenues and limiting the growth of expenditures in order to continue to hold the tax rate to a nominal annual increase.

The Current Fund, which finances most of the operational areas of our local government, had total income of \$47,455,675 and total expenditures of \$46,561,272. The following schedules summarize revenues and expenses for 2007 and 2006.

	<u>2007</u>	<u>2006</u>	<u>Increase/(Decrease)</u>	
			<u>\$</u>	<u>%</u>
Fund Balance	\$ 1,300,000	\$ 1,185,769	\$ 114,231	9.63 %

Delinquent Tax Receipts	728,821	678,060	50,761	7.49

Intergovernmental Revenue	5,339,090	2,949,945	2,389,145	80.99
Other Credits to Income	396,680	351,545	45,135	12.84
Miscellaneous Revenue	<u>270,384</u>	<u>112,987</u>	<u>157,397</u>	<u>139.31</u>
	<u>\$ 20,920,341</u>	<u>\$ 17,187,003</u>	<u>\$ 3,733,338</u>	<u>21.72 %</u>

1. Real Estate Taxes - These are the taxes levied on all property owners residing in the Borough.
2. Delinquent Tax Receipts - This represents receipts from delinquent taxes and tax title liens.
3. Intergovernmental Revenue - This represents funds received from the State of New Jersey or the Federal Government in the form of grants or direct aid.
4. Miscellaneous Revenues - This represents all of the miscellaneous revenues of the Borough including fees, fines, licenses, interest and other direct user charges, except those detailed separately above.

The increase in budgetary expenditures in 2007 over 2006 was approximately 24.24% as follows:

<u>Function</u>	<u>2007</u>	<u>2006</u>	<u>Increase/(Decrease)</u>	
			<u>\$</u>	<u>%</u>
General Government	\$ 2,457,480	\$ 2,432,222	\$ 25,258	1.04 %

	<u>\$ 20,260,849</u>	<u>\$ 16,308,485</u>	<u>\$ 3,952,364.45</u>	<u>24.24 %</u>

The increase in the State and Federal Grants expenditures accounts for 62% of the overall expenditure increase. These grants were funded by State and Federal agencies and as such had no impact on the Borough's municipal tax levy.

The Borough operates Water-Sewer and Parking Utilities. These budgetary subdivisions were created to allow for the segregation of the revenue and expense of these operating Enterprises of the Borough. The Utilities are under the operational control of the Mayor and Council.

The Water-Sewer Utility serves the entire Borough, which encompasses 4,500 accounts and a population of 10,000. Water-Sewer Utility revenues realized were less than anticipated resulting in a decrease in its fund balance. Revenues in 2007 equaled expenditures.

The Parking Utility operates metered municipal parking lots and owns a 450 car parking garage, which it leases to Riverview Medical Center. Revenues in 2007 exceeded expenses by \$130,715.

Both the Parking Utility and Water-Sewer Utility remained self-liquidating for 2007.

The Mayor and Council continue to pursue areas of budgetary reduction and revenue enhancement in order to control or eliminate the need for tax increases for municipal purposes.

## **MAJOR ACTIVITIES AFFECTING BUDGET/FINANCIAL CONDITIONS**

The Borough of Red Bank encompasses 1.8 square miles. It is a fully developed mature community with a strong commercial and professional office district surrounded by single-family residential homes and several apartment complexes. It has a diverse, stable population. A downtown special improvement district has helped make our commercial district thrive in an unprecedented manner.

The Mayor and Council have undertaken an aggressive capital improvement program to improve infrastructure and municipal services. The resulting increase in debt service has been countered with increased revenues from grants and other municipal revenue sources. Local purpose tax rates have increased by an annual average of less than approximately four percent since 1992.

## **PROSPECTS FOR THE FUTURE**

Severe cuts in state aid and increases in mandated expenditures resulted in a moderate tax rate increase proposed for the 2008 budget as introduced. Several large developments should be added to the tax rolls in 2008. These should help stabilize future municipal tax rates.

## **LOCAL ECONOMIC EVENTS**

The Borough continued to show a good financial condition for 2007 as evidenced by the following:

- Our Current Fund balance was \$1,585,756.
- Our Tax Collection percentage for 2006 was 97.01% and averages 97.63% for the past three years.

## **CASH MANAGEMENT**

The Borough invests all surplus funds for appropriate periods of time as determined by the Chief Financial Officer. During 2007, funds were invested in the New Jersey Cash Management Fund, Commerce Bank and Shrewsbury State Bank sweep accounts.

## **DEBT ADMINISTRATION**

The current outstanding net debt of the Borough is \$17,214,454, which represents .819% of its average equalized value. Debt service appropriations for 2007 for the Current Fund were 13.76% of total Current Fund expenditures.

### **RISK MANAGEMENT**

The Borough was a charter member of the Monmouth Municipal Joint Insurance Fund that, along with the state wide Municipal Excess Liability Joint Insurance Fund, Municipal Excess Liability Residual Claims Fund and Environmental Joint Insurance Fund provides the most comprehensive insurance coverage available in local government anywhere in the United States. These funds provide professional risk management, legal defense, loss prevention, claims management and actuarial services and are regulated by the N.J. Department of Insurance.

The success of these funds is unprecedented and they have served as a national example of well-run, innovative self-insurance funds.

The Borough participates in the Central Jersey Health Insurance Fund for Employee health benefits. This fund is regulated by the State of New Jersey Department of Insurance.

### **ACKNOWLEDGMENTS**

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department and the Administration Department. I would also like to express my appreciation to Mr. David A. Kaplan, CPA, RMA for his help and assistance in the preparation of the Borough's Comprehensive Annual Financial Report.

Respectfully submitted,

Frank Mason

FINANCIAL STATEMENT OF THE COMPANY

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members  
of the Borough of Red Bank Council  
Borough of Red Bank  
County of Monmouth  
State of New Jersey

To the Honorable Mayor and Members of the Borough of Red Bank Council:

We have audited the accompanying financial statements – regulatory basis of the various funds and accounts of the Borough of Red Bank (the “Borough of Red Bank”) as of and for the year ended December 31, 2007 as listed in the accompanying table of contents. These financial statements are the responsibility of the Borough of Red Bank’s management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and auditing requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, the Borough of Red Bank prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive regulatory basis of accounting other than accounting principles generally accepted in the United States of America.

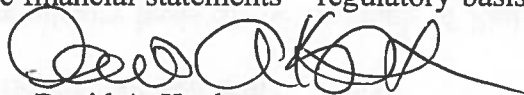

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

In our opinion, because of the Borough of Red Bank's policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough of Red Bank as of December 31, 2007, or the results of its operations, or cash flows of its propriety fund types and nonexpendable trust funds for the year then ended.

However, in our opinion, the financial statements – regulatory basis referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds and accounts of the Borough of Red Bank as of December 31, 2007, and the results of operations and changes in fund balance – regulatory basis of such funds for the year then ended and the statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2007 on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 7, 2008, on our consideration of the Borough of Red Bank's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming opinions on the financial statements – regulatory basis taken as a whole. The accompanying supplementary schedules listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the financial statements, but is presented as additional analytical data as required by the Local Finance Board. Such information has been subjected to the auditing procedures applied in the audit of the financial statements – regulatory basis and, in our opinion, is fairly stated in all material respects in relation to the financial statements – regulatory basis taken as a whole.

To the Honorable Mayor and Members of the Borough of Red Bank Council:

We have audited the financial statements – regulatory basis of the Borough of Red Bank (the “Borough”) as of and for the year ended December 31, 2007, and have issued our report thereon dated May 7, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

As described in Note 1, the Borough of Red Bank prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive regulatory basis of accounting other than accounting principles generally accepted in the United States of America.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Borough’s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Red Bank’s internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity’s ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity’s financial statements that is more than inconsequential will not be prevented or detected by the Borough of Red Bank’s internal control.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)**

Internal Control Over Financial Reporting –(Continued)

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be presented or detected by the Borough of Red Bank's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Red Bank's financial statements – regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the Borough of Red Bank in the "General Comments and Recommendations" section of this report.

This report is intended solely for the information of the governing body, management and the Division of Local Government Services, Department of Community Affairs, State of New Jersey and is not intended to be and should not be used by anyone other than these specified parties.

## **NOTES TO FINANCIAL STATEMENTS**

**BOROUGH OF RED BANK**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED DECEMBER 31, 2007**

**Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A. Reporting Entity - This report includes the financial statements of the Borough of Red Bank (the "Borough"), within the County of Monmouth, in the State of New Jersey and reflects the activities of the Municipality, which is under the control of the Borough's Mayor and Council. The financial statements of the Local and Regional Boards of Education are reported separately since their activities are administered by separate boards. A separate audit report has been prepared for the Borough's Free Public Library.

B. Description of Funds - The Governmental Accounting Standards Board ("GASB") is the recognized standard setting body for establishing governmental accounting and financial reporting principles. However, the accounting policies of the Borough of Red Bank conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. These principles are an "Other Comprehensive Basis of Accounting" (OCBOA) which differs from accounting principles generally accepted in the United States of America ("GAAP") for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds and an account which differs from GAAP.

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. General bonds and notes payable are recorded in this fund and are offset by deferred charges to future taxation.

Water-Sewer and Parking Utility Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipality owned Water-Sewer and Parking Utilities. Bonds and notes payable of the utilities are recorded in the respective Utility Capital Funds.

**YEAR ENDED DECEMBER 31, 2007**

**Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Description of Funds (Continued)**

General Fixed Assets Account - The General Fixed Assets Account is used to account for fixed assets used in general government operations. In accordance with the State's Technical Accounting Directive No. 85-2, the Borough has recorded land and buildings at insurable value. Equipment and vehicles are stated at historical cost. Depreciation is not recorded. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

- C. Basis of Accounting - The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The accounting system is maintained on the modified accrual basis with certain exceptions. The more significant of these are as follows:

Property Taxes and Other Revenue - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts. Property taxes are due quarterly on the first day of February, May, August and November.

Grant Revenues - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Expenditures - Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts that may have been canceled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31<sup>st</sup> of each year, under the title of "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create spending reserves.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

Note 1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

C. **Basis of Accounting (Continued)**

**Expenditures (Continued)**

Budget Appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

**Reserve for Encumbrances** - As of January 1, 1986 all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

**Appropriation Reserves** - are available until lapsed at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

**Compensated Absences** - expenditures relating to obligations for unused vested accumulated vacation and sick pay and related fringe benefits are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

**Property Acquired for Taxes (Foreclosed Property)** - is recorded in the Current Fund at the assessed valuation when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the General Fixed Assets Group at its market value.

**Interfunds** - interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Note 1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

C. **Basis of Accounting (Continued)**

**Reserve for Sale of Municipal Assets** - the proceeds of the sale of municipal assets can be held until made available through a future budget appropriation. GAAP requires such proceeds to be recorded as revenue in the year of sale.

**Fixed Assets**

**General** - In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP, the Borough has developed a fixed asset accounting and reporting system.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available. Depreciation on utility fixed assets should also be recorded.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Asset Account. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Acquisition of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record.

Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Borough.

**Utilities** - Capital acquisitions, including utility infrastructure costs of the Water-Sewer Utility, are recorded at cost upon purchase or project completion in the Fixed Capital account of the utilities. The Fixed Capital Accounts are adjusted for dispositions or abandonments.

Utility improvements that may have been constructed by developers are not recorded as additions to Fixed Capital.

Note 1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

C. **Basis of Accounting (Continued)**

**Fixed Assets (Continued)**

Fixed Capital of the Utility is offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer contributions or liquidations of related bonded debt and other liabilities incurred upon fixed asset acquisition.

The Fixed Capital Accounts reflected herein are recorded in the records of the municipality and do not necessarily reflect the true condition of such Fixed Capital. The records consist of a control account only. Detailed records are not maintained.

**Inventories of Supplies** - Inventory values as reflected in the utility operating funds are stated at cost and are offset by a reserve account. This differs from GAAP, which does not allow the establishment of an offsetting revenue. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

**Total Columns on Combined Statements** - Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

- D. **Basic Financial Statements** - The GASB Codification also defines the financial statements of a governmental unit to be presented in the general-purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

**Note 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS**

**A. Cash and Cash Equivalents**

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities that mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities that mature within two years provided, however, the arbitrage maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds or

**Note 4. TAXES AND TAX TITLE LIENS RECEIVABLE**

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Borough, County, Special Improvement District and Schools purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the Board upon the filing of these budgets.

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and is calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy is based on one-half of the current year's total tax.

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500.00 of delinquency and 18% on any delinquency in excess of \$1,500.00. The resolution also sets a grace period of ten days before interest is calculated. In addition, any delinquency in excess of \$10,000.00 at the end of the calendar year is subject to a 6% penalty on the unpaid balance.

Taxes unpaid on the 11th day of the eleventh month in the fiscal year when the taxes became in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

The following is a five-year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous four years.

Note 8. **PENSION PLANS (CONTINUED)**

**Description of Systems**

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems that have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Pension Fund (PFRS). In addition, the Borough contributes to the Consolidated Police and Firemen's Pension Fund. These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The Public Employees' Retirement System and the Police and Firemen's Retirement System are considered cost sharing multiple-employer plans.

**Public Employees' Retirement System**

The Public Employees' Retirement System (PERS) was established January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after ten years of service credit and twenty-five years of service credit for medical benefits.

Retirement benefits for age and service are available at age 60 and are generally determined to be  $1/55^{\text{th}}$  of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit in which case benefits would begin the first day of the month after the member attains normal retirement age. The PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

**Police and Firemen's Retirement System**

The Police and Firemen's Retirement System (PFRS) was established July 1, 1944 under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees. Members may opt for Service Retirement if over age 55 or Special Retirement at any age if they have a minimum of 25 years of service or 20 years of service if enrolled in the PFRS as of January 18, 2000. Retirement benefits vary depending on age and years of service.

**Consolidated Police and Firemen's Pension Fund**

The Consolidated Police and Firemen's Retirement System (CPFRS) is a closed system with no active members and was established in January 1952 to provide coverage to municipal police and firemen who were appointed prior to July 1, 1944.

**Funding Policy**

Employee contributions for PERS and PFRS were five percent (5%) and eight and one-half percent (8½%), respectively, of their base wages. Employer's contributions are actuarially determined annually by the Division of Pensions. Contributions to the plan for the past three (3) years are as follows:

<u>Year</u>	<u>PERS</u>		<u>PFRS</u>	
	<u>Borough</u>	<u>Employees</u>	<u>Borough</u>	<u>Employees</u>

All contributions were equal to the required contributions for each of the three years, respectively.

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments with the statutory period of usefulness. **Note 14. DEFERRED COMPENSATION PLAN**

The Borough of Red Bank offers its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., an the Internal Revenue Code, Section 457. The plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:3-37.

The "Small Business Job Protective Act of 1996" revised several provisions of Section 457 of the Internal Revenue Code. A provision of the act required that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries.

The plan was adopted by Resolution on October 13, 1998 and amended by Resolution on February 23, 1999, and again on November 28, 2005 by Resolution 05-201.

The administrator for the Borough of Red Bank's Deferred Compensation Plan is Valic.

**SINGLE AUDIT SECTION**

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE  
TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH FEDERAL OMB CIRCULAR A-133  
AND STATE OF NEW JERSEY OMB CIRCULAR 04-04**

The Honorable Mayor and Members  
of the Borough Council  
Borough of Red Bank  
County of Monmouth  
State of New Jersey

**Compliance**

We have audited the compliance of the Borough of Red Bank, County of Monmouth, State of New Jersey (the "Borough") with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that are applicable to its major state program for the year ended December 31, 2007. The Borough's major state program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major state program is the responsibility of the Borough's management. Our responsibility is to express an opinion on the Borough's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the State of New Jersey; OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards and OMB Circular A-133 and New Jersey OMB's Circular 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Borough's compliance with those requirements.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE  
TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH FEDERAL OMB CIRCULAR A-133  
AND STATE OF NEW JERSEY OMB CIRCULAR 04-04 (CONTINUED)**

Compliance – Continued

In our opinion, the Borough complied, in all material respects, with the requirements referred to above that are applicable to its major state program for the year ended December 31, 2007.

Internal Control Over Compliance

The management of the Borough of Red Bank is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Borough's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal or state program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal or state program that is more than inconsequential will not be prevented or detected by the Borough of Red Bank's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

**Schedules of Expenditures of Federal Awards and State Financial Assistance**

We have audited the general-purpose financial statements of the Borough of Red Bank as of and for the year ended December 31, 2007, and have issued our report thereon dated May 7, 2008. Our audit was performed for the purpose of forming an opinions on the general-purpose financial statements that collectively comprise the Borough's general-purpose financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by OMB Circular A-133 and State of New Jersey OMB Circular 04-04 and are not a required part of the general-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

This report is intended solely for the information of the governing body and its management, the New Jersey Division of Local Government Services (the cognizant audit agency) and other state and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

**GENERAL COMMENTS**  
**DECEMBER 31, 2007**

**Contracts And Agreements Required To Be Advertised for N.J.S. 40A:11-4**

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate \$21,000.00.

On May 14, 2002, the Governing Body appointed a qualified purchasing agent and increased the bid threshold to \$25,000.00 in June, 2007 the Borough's qualified purchasing agent resigned and the bid threshold decreased on that date to \$21,000.00.

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$21,000.00 within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Summer Food Lunch Service Program  
Provide and Install Carpeting  
For Library  
Parking Utility Vehicles  
Professional Services

Parks Maintenance  
Water Main System Improvements  
Purchase of Trailers for Public  
Works Facility

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

**GENERAL COMMENTS (CONTINUED)**  
**DECEMBER 31, 2007**

**Contracts And Agreements Required To Be Advertised for N.J.S. 40A:11-4 (Continued)**

Our examination of expenditures revealed that no payments were made in excess of \$21,000.00 "for the performance of any work or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

**Collection of Interest on Delinquent Taxes and Assessments**

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes and assessments on or before the date when they would become delinquent.

The Governing Body, in January 2007, adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

RESOLVED, that in accordance with N.J.S. 54:4-67, as amended, the Tax Collector is hereby authorized and directed to charge eight percent (8%) per annum on the first \$1,500.00 of the delinquency and eighteen percent (18%) per annum on any amount in excess of \$1,500.00 becoming delinquent after the due date, and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31st, an additional penalty of six percent (6%) shall be charged against the delinquency. There is a ten-day grace period of quarterly tax payments made by cash, check or money order.

Water-Sewer Utility delinquencies are charged interest at the rate of one and one-half percent per month pursuant to New Jersey Statutes.

It appears, from an examination of the Tax Collector and Water-Sewer Utility Collector's records, that interest was collected in accordance with the foregoing resolutions and statutes.

**GENERAL COMMENTS (CONTINUED)**  
**DECEMBER 31, 2007**

**Delinquent Taxes, Tax Title Liens and Delinquent Water-Sewer Rents and Liens**

The detail of all unpaid taxes for 2007 and prior years and tax title liens is being properly carried in the Tax Collector's records. An abstract taken from these records as at December 31, 2007 covering all unpaid charges on that date was verified with the accounting control figures shown in this report.

The tax sale was held on October 17, 2007 and the sale was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

**Finding:**

**Condition:** Our examination revealed the Borough purchased a tax sale certificate at its October, 2000 tax sale which was comprised of various outstanding municipal charges, including an unpaid property demolition charge. The property has been sold, however the Borough did not receive payment for its outstanding lien.

**Criteria:** NJSA 54:5 et seq., govern the municipal tax sale laws.

**Recommendation:** It is recommended the Borough initiate proceedings to either collect or foreclose on tax sale certificate 2524000.

**Finding:**

**Condition:** Our examination of the tax title lien redemption account revealed a check was issued to a lien holder in redemption of the lien amount which the Borough had collected from the delinquent tax payer in July, 2000. The lien holder never presented the certificate to the Borough and accordingly the Borough never released the check to the lien holder. The check, in the amount of \$23,464.31, remains outstanding on the Borough's tax title redemption account bank reconciliation through the date of this report.

**Criteria:** Sound internal controls dictate checks issued which remain outstanding for more than a year be reviewed for reissuance or cancellation.

**Recommendation:** It is recommended that outstanding check 1037 in the tax title lien redemption account be reviewed for reissuance or cancellation.

The following comparison is made of the number of tax title liens receivable on December 31<sup>st</sup> of the last three (3) years.

<u>Year</u>	<u>Number of Liens</u>

**GENERAL COMMENTS (CONTINUED)**  
**DECEMBER 31, 2007**

**Delinquent Taxes, Tax Title Liens and Delinquent Water-Sewer Rents and Liens**  
**(Continued)**

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis. Certain liens have been in existence for greater than two years.

The detail of all unpaid Water-Sewer rents for 2007 and prior years and Water-Sewer liens is being properly carried in the Water-Sewer Collector's records. An abstract taken from these records as at December 31, 2007, covering all unpaid charges on that date was verified with the accounting control figures shown in this report.

**OTHER COMMENTS**

**Cash Balances**

The cash balances in all funds were verified by independent certifications obtained from the depositories as at December 31, 2007 and as of March 31, 2008 in connection with the supplemental reconciliations.

Cash counts were made at various dates in all departments of the Borough and bank balances were independently reconciled to the records or to such schedules of receipts and disbursements provided for audit.

The change funds and petty cash funds were counted.

**Revenues**

Receipts from licenses, fees, fines and costs, etc., for all departments, including the Municipal Court, were checked to the records maintained to the extent deemed necessary.

**Expenditures**

The vouchers for all funds were examined to the extent deemed necessary to determine that they carried the properly executed certifications as required by statute.

**OTHER COMMENTS (CONTINUED)**  
**DECEMBER 31, 2007**

**Payroll**

An examination was made of the employees' compensation records for the year 2006 to determine that salaries were paid in conformity with the amounts of salaries and wages authorized by ordinance. Vouchers for overtime and part-time wages were checked.

**Miscellaneous Comments**

The confirmations sent to the Local and Regional Boards of Education verified the correct school taxes payable at December 31, 2007.

**Finding:**

**Condition:** Our examination revealed the Borough has \$56,273.69 in a General Capital Reserve for Middletown RCA account. The Borough had participated in a Regional Contribution Agreement with Middletown many years ago. The only activity in this account over the past several years is the posting of interest earnings.

**Criteria:** The Regional Contribution Agreement dictates the terms of the ultimate disposition of unused funds and interest earnings thereon.

**Recommendation:** It is recommended the Borough review the balance in the Middletown Regional Contribution account for disposition.

**Finding:**

**Condition:** Our examination revealed that the official minutes of the Borough are only complete and approved through June 2007.

**Recommendation:** It is recommended that the official minutes of the Borough be approved on a timely basis.

All of the foregoing comments and recommendations were discussed at an audit exit conference held at the Borough Hall with the appropriate Borough Officials.

**Appreciation**

I desire to express my appreciation for the cooperation received from the Borough Officials and Employees and the courtesies extended during the course of the audit.

**RECOMMENDATIONS**  
**DECEMBER 31, 2007**

It is recommended:

- 2007-1 That the Borough initiate proceedings to either collect or foreclose on tax sale certificate 2524000.
- 2007-2 That outstanding check 1037 in the tax title lien redemption account be reviewed for reissuance or cancellation.
- 2007-3 That the Borough review the balance in the Middletown Regional Contribution account for disposition.
- 2007-4 That the official minutes of the Borough be approved on a timely basis.

The issues noted in my audit were not of such magnitude that they would affect my ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to my comments or recommendations, or should you desire assistance in implementing my recommendations, please do not hesitate to call me.

Very truly yours,

A handwritten signature in black ink, consisting of several loops and a long horizontal stroke at the end.
