USER FRIENDLY BUDGET SECTION  
STRUCTURAL BUDGET IMBALANCES

	Revenues at Risk	Non-recurring appropriation reductions	Future Year Appropriation Increases	Structural Imbalance Offsets	Line Item. Put "X" in cell to the left that corresponds to the type of imbalance.	Amount	Comment/Explanation
		X			Salary Increases	\$250,954.00	Dollar amount reflects full municipal workforce. CWA labor union agreement is currently under negotiation.
			X		Shared Services. Increased efficiency, and reduced government		Borough of Red Bank has controlled spending and is well positioned for future success.
			X		Surplus utilization	\$3,528,299.90	Sourcing "rainy day" surplus funds to fund pandemic related revenue losses. This will be strategically corrected in the next few calendar fiscal year budgets. The Borough of Red Bank has a healthy surplus balance (recently affirmed by Moody's Investor Service), but tries not to utilize more than it expects to be regenerated. In this continuing challenging budget environment, we decided to use more than we typically would. We hope that we will soon get guidance on the federal funds that are earmarked for local assistance through revenue replacement. Those funds would reduce our usage of surplus beyond what we would typically include as a budget revenue.
X					Interest income on bank deposits		The Federal Reserve lowered rate the federal fund rate significantly in March 2020 due to the pandemic. The federal funds rate is 5 basis points as of 5-31-2021. Our bank accounts earn a net rate (e.g. after implicit bank service charges & GUDPA overhead) of 5 basis points of interest, per annum.
		X			Debt Service	\$8,722,000.00	Estimated increase in new debt issuance for calendar year 2021.
		X			State mandated pension fund increases	\$167,510.99	Increases significantly greater than the inflation rate imposed on municipality's finances attributable to the State underfunding their required contributions to the respective pension plans (PERS & PFRS)
X					Franchise Tax-Cable TV	\$6,272.77	Downward trend. Cutting the cord trend among Verizon and Comcast users
X					Hotel Occupancy Taxes	\$56,593.13	Reduced hotel occupancy due to pandemic. Expectation is one more year (2021) of pandemic related revenue loss.
X					Riverview Hospital Agreement	\$291,387.86	Loss of lease revenue due to transfer of title 1-31-2021 of parking garage at maturity of a lease-purchase agreement.
X					Count Basie Theater event parking	\$25,125.00	Revenue loss due to reduced economic activity attributable to the pandemic
X					Water Sewer collections	\$404,955.36	Governor's executive order that waives interest penalty during pandemic offers hardship relief for some, but also an unintended consequence, an incentive to some customers to defer payment, whereby it negatively affects the Borough's collection for the current budget year. This is evident as the water/sewer collection rate is significantly lower than the property tax collection rate for the Borough.
			X		Commercial property tax appeals		Increased residential property valuations relative to commercial property valuations due to a change in economic activity during the pandemic will shift the Amount to Be Raised By Taxation allocation to residential properties.
X					State Aid - Energy Tax Receipts	\$2,011,681.00	The State of NJ continues to divert our local revenues for their own use. There is ongoing concern as to what level of Energy Receipts Tax will be paid to the Borough in future budget years. We hope that this will eventually be raised to the appropriate levels of funding for municipalities, but for now we can only hope that this local revenue, collected at the state level, does not get reduced.
		X			Pension Payments (PERS & PFRS)	\$2,043,533.00	The State of NJ fails to adequately fund their own obligations which puts us at risk. NJS sponsored pension boards have historically set contribution rates at a level insufficient whereby the pension plans tread water. Additionally, the tread water gap does not take into account the very aggressive funding, life contingency, and investment performance assumptions underpinning the actuarial analysis, which likely will result in a greater funding gap.
X					Municipal Court		With the court and legal system reforms, there has been a significant impact to compel violators to pay their fines. This regulatory headwind negatively affects the support of court expenses. Future state reforms may aggravate court fine revenue. On the positive side, the Borough has had a steady upward trend in revenue from parking enforcement tickets, which will help support funding of municipal court operations.
		X			Recycling & Landfill	\$140,967.67	Once a modest source of revenue, recycling is a cost for the Borough. Nationally, recycling costs have skyrocketed due in part China and South-East Asia no longer being a primary processor of raw recyclables and a collapse in prices of commodity markets - particularly paper and plastics. The Borough was fortunate to lock-in favorable recycling and landfill pricing with a long term contract that expired late last year. Our new, competitively bid contract is subject to current market prices.

Is the Local Government required to comply with NJSA 11A **(Civil Service)**? - YES or NO

No

Note - **Base Pay** is the annualized rate of pay to which overtime (if eligible) and/or pension is calculated. Either calculation is fine at the discretion of the Local Unit. Overtime and other compensation is any other item that is charged as a salary and wage expense but not included in Base Pay.
